## SCULPTUREUM WINE BY THE GLASS

*All of our wines come from fruit grown here on the property with the vineyards situated on clay hill sides to your right as you enter Sculptureum.*

*First planted in 1994, some of the original vines - notably the Chardonnay and Merlot - are starting to reach some considerable age which shows through in the concentrated and complex wines produced. We also have successful plantings of Syrah, Cabernet Franc and Carmenère.*

*We are strong believers in minimal intervention to achieve low yields of excellent fruit which is harvested by hand .*
