SCULPTUREUM

SCULPTUREUM WINE BY THE GLASS

All of our wines come from fruit grown here on the property with the vineyards situated on clay hill sides to your right as you enter Sculptureum.

First planted in 1994, some of the original vines - notably the Chardonnay and Merlot - are starting to reach some considerable age which shows through in the concentrated and complex wines produced. We also have successful plantings of Syrah, Cabernet Franc and Carmenère.

We are strong believers in minimal intervention to achieve low yields of excellent fruit which is harvested by hand .
